Mike,

Hello my favorite genius Postural Restoration therapist! I hope all is well! Everything up here in Virginia is just fine. I have kept myself busy with all my wonderful exercises! I keep improving, growing stronger in all the right places, and continue to be amazed at how the pain in my shoulders continue to go down. Thank you so much for seeing me back in April, and thank you for all that you have done/taught me. I cannot express how much I truly appreciate it. During and after my visit my optimism and hope to fixing all my bodily issues was restored. Thank you so incredibly much! I can't wait for next high school season to finally swim with no pain and faster than ever. (And I will be in no pain. I'm already almost there!) I hope to hear from you soon, but if not no worries, because I will keep you updated with my progress. Thanks a gain for everything! ☺

Love,

Makeyloe Emanuele
