

July 21st, 2011

“I was admitted to the Cantrell Center on 6/23/2011 due to second degree ammonia burns to my forearm and fingers. With only eight visits, I was dismissed early due to a speedy recovery lead by 25+ year veteran Mrs. Mary Oakley and her well trained assistant Faith. Don't think I could have recovered as early without the two...

THANKS GUYS!!!!”
